Comments:

I received NOTICE OF NON-COMPLIANT AMENDMENT(6/23/2008). I made complete list of claims.

But, also, I made more modification including replace of word, spelling correction and modification to respond to ELECTION/RESTRICTIONS request (2/5/2008).

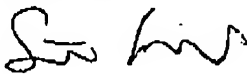

Can I do these at this moment? I just check this matter before I mail it. I appreciate your reply by:

JUN 23 2008**RESPONSE TO THE OFFICE ACTION**

Application /Control Number: 10/593,889
Art Unit: 2837

Applicant: Seiji Kashioka
Date: 6/23/2008

This is response to the Notice of Non-Compliant Amendment dated 6/13/2008. But, also following amendments are included in Claims:

1. Change of word: As the word "takt" used in claims is not English word, it was replaced by corresponding English word "beat".
2. Spelling correction: "forth" was replaced by "fourth". And the word "collection" in claim 2 was misspelled from "correction", but it was replaced by more suitable word "modification".
3. Some grammatical correction: in claim 4.
4. Improve clarity in specifying previously mentioned word. Also, improve not to use "such as".
5. To respond Election/Restriction request in the office action dated 02/05/2008, claim 6 was modified to restrict process claim 6 more clearly to use of the main product claims.

Then, current claims are shown in following two sheets.

Sincerely,

Seiji Kashioka
